The Troubles You Have Maintaining Artificial Waterfall

A local woman called our office and left word she wanted to talk to me about the artificial waterfall I have had for a number of years in the "Back 40", the miniature game preserve behind my house.

It was my understanding she wanted to build something like it, but when I called her back I found she was interested only in a fountain. Among other advice, I told her to get professional help in the selection of pumps and filters.

That there are difficulties in maintaining a fountain is obvious, for she, too, had noted that many fountains after a few years' use just stand there empty and abandoned. I suggested two reasons for this: (1) Poor engineering on the pump and its placement and filtering system; and (2) unwillingness to spend additional money when required for proper maintenance.

I speak from experience with an artificial waterfall. The concrete waterfall itself is faultless, so is the 20,000-gallon concrete lagoon in which the water circulates—but I have endless trouble with the pump which brings the water up from the lagoon to the basin where it goes over the falls. A pump costs almost \$200, lasts about two years, and I have just seen the third pump burn out.

The trouble is, I am always being told that the proper machine is a submersible pump—which is the worst possible choice, because sooner or later the seals fail, and water seepage burns out the motor. The acid from the droppings of my Canada Geese may make my case something special—but I have definitely quit buying submersible pumps.

My own preference would have been a Chinese-style rice-paddy pump, with bronze buckets mounted on a chain-and-sprocket tower bringing the water up to the falls. The electric motor would be mounted safely at the top.

But I have just been talked out of this again. This week a pump expert was in town visiting Paul O'Neal at Arkansas Machine Specialty Co., and I ordered my fourth pump, powered by an all-weather motor near the top of the waterfall.

I had commissioned Paul to build a Chinese rice-paddy pump on special order. It didn't come off, but at least it put me in touch with a standard line of pumps that may last longer than two years.

An artificial waterfall is a thing of beauty—but it will wear watching, mechanically and financially, believe me.

## McClellan in Favor of Tapping

WASHINGTON (AP) — Sen. John L. McClellan, D-Ark., said Tuesday that he was in favor of the use of electronic surveillance in matters of domestic security.

In a speech to the AFL-CIO Maritime Trades Department, McClellan said he saw no "constitutional distinction between foreign and domestic threats to our national security."

McClellan said that while liberty "implies the absence of arbitrary restraint, it does not mean immunity from reasonable regulations or prohibitions imposed by the necessity of community interests."

## Plaque Given to Passman

WASHINGTON (AP) — Rice growers of Arkansas presented Rep. Otto E. Passman, D-La., with a plaque Tuesday in recognition of his efforts in behalf of rice farmers in Arkansas and elsewhere.

The presentation ceremony was in the office of Rep. Wilbur D. Mills, D-Ark.

Passman is chairman of the House Foreign Aid Appropriations subcommittee.

## Has Theory About Fouke Monster

MAGNOLIA, Ark. (AP) — Frank Schambagh, archaeologist at Southern State College, said today that after analyzing photographs of tracks made by the so-called "Fouke Monster" it was his opinion "there is a 99 per cent chance the tracks are a hoax."

The photographs were taken Tuesday by Bob Burns, chief photographer for the Texarkana Gazette.

Schambagh said after studying the photographs, the tracks were not human and did not look like anything belonging to the monkey family.

"All the primates have five toes," he said. "Also, the monk-

## Arkla Policy Ordered Suspended

WASHINGTON (AP) — A gas curtailment policy proposed by Arkansas Louisiana Gas Co. was temporarily suspended Tuesday by the Federal Power Commission.

The curtailment policy, which listed electric distribution companies as among the first industries that might have their gas supply curtailed in an effort to conserve gas for the winter months, was suspended for four months. The policy to have gone into effect at noon today.

The Arkansas Public Service Commission had petitioned the FPC to suspend the policy because the policy could cause a critical shortage of electrical power in the state.

The PSC said that the potential crisis arose from the fact that electric distribution companies in Arkansas rely more on gas to generate electricity than do electric companies in other states, where many electric plants use coal or fuel oil.

Arkla said that curtailments definitely would have to be made and that the required curtailments would be even greater than previously anticipated, in order to prolong the productive life of Arkla's existing gas fields.

## \$10,000 Gift to Angela Davis Has Presbyterian Church Badly Divided

By ROSLYN BARBAROSH  
Associated Press Writer  
PHILADELPHIA (AP) — The United Presbyterian Church in the U.S.A. is receiving thousands of protests from its membership for donating \$10,000 to the defense of black militant Angela Davis, charged in a California murder case.

The money for the avowed Communist's defense was approved by the Church's General Assembly May 25. Miss Davis, a former philosophy instructor at the University of California in Los Angeles, faces trial in San Rafael, Calif., in connection with a courtroom shootout in which a judge and three other persons were killed.

More than 3,000 letters have been received by William Thompson, stated clerk of the denomination; Mrs. Ralph Stair, moderator of the General Assembly; and the Church's Committee on Church and Race.

Church officials said Tuesday the majority of the letters have expressed opposition to the donation.

A group called the Black United Presbyterians has donated \$10,000 to the Church's Emergency Legal Aid Fund, the fund from which the money was being drawn for Miss Davis' defense.

In a letter dated June 7, six Black Presbyterian ministers wrote: "We the undersigned Black United Presbyterians concerned about the continuing reaction

## Russian Sees Progress in Big 4 Talks

By PETER REHAKE  
Associated Press Writer

BERLIN (AP) — Soviet Communist party chief Leonid Brezhnev said today that the Big Four talks on West Berlin have advanced to the "stage of examining concrete proposals on the content of a possible agreement."

Brezhnev told the East German Communist party congress in East Berlin that he can't speak for the United States, Britain and France, "but we, on our side, are prepared to make efforts to bring this matter to a successful completion and to ensure that the agreement reached is effective and carried into life."

Brezhnev gave no hint of concessions to the Western demands for an end to Communist harassment of West Berlin and of traffic between the city and West Germany. But he called for ratification of the treaties West Germany concluded in the past year with the Soviet Union and Poland, saying this "will largely contribute to a renovation of the political climate in Europe."

Chancellor Willy Brandt has pledged not to submit the treaties for ratification until a satisfactory Berlin agreement is reached. West German officials reported last week that the Big Four ambassadors to Germany had reached general agreement on a liberalization of surface traffic between West Germany and West Berlin, but they said much remained to be done before an over-all agreement could be written.

Brezhnev voiced only token criticism of the United States, saying that the capitalist world was losing ground, and "in such a situation, some of the bosses of the imperialist world are becoming incapable of a sober appraisal of the situation and are undertaking military adventures, resorting to aggression. Evidence of that are the aggressive wars of the imperialists against the peoples of Indochina and the Arab countries."

He also had friendly words for some of the Western nations, presumably those favorable to the all-European security conference the Russians have been urging.

"We are all satisfied with the fact that lately certain positive changes have been taking place in the European situation," said Brezhnev. "We give their due to those governments of the capitalist countries which are reciprocating our desire to go in European affairs along the way of a detente, peaceful co-operation and strengthening security on the continent."

## Woman Is Appointed to CAMPS

LITTLE ROCK (AP) — Mrs. Jo Jackson, 44, of Little Rock was sworn in Tuesday as director of the state Cooperative Area Manpower Planning System (CAMPS).

Mrs. Jackson was appointed to the post by Gov. Dale Bumpers. She is the highest-ranking woman appointee in the Bumpers administration.

CAMPS is a federally-funded program that coordinates all federal, state and private manpower development programs in Arkansas. The director's salary is \$16,000 a year.

## Public Works Veto Threat Ignored

WASHINGTON (AP) — The House, ignoring threats of a Presidential veto, has completed congressional action on a \$5.5-billion economic development bill.

Rep. William H. Harsha of Ohio, top Republican on the Public Works Committee, said after Tuesday's vote the measure is "totally and wholly unacceptable to the administration" and predicted it will be vetoed.

However, White House deputy press secretary Gerald L. Warren, said "I would not forecast what action the President will take." Warren added, however, the administration had "indicated our reservations about the public-works section."

That section, which would provide \$2 billion in federal grants for public-works projects in areas hit hard by unemployment, was put into the bill by Democrats as part of an over-all program to shore up the economy and provide quick jobs.

The \$5.5-billion measure also would extend for four years the Appalachian and other regional development programs and for two years a program to help localities bolster their economies through loans and other construction assistance.

The House passed the measure 275 to 104; the Senate vote was 45 to 33.

## Mark Gunter of Hope Revives Heart Beat of Nearly Drowned Boy

Mark Gunter, son of Mr. and Mrs. J.H. Gunter of Hope, who is a student at Ouachita Baptist University, worked with another man as a team and restored the heartbeat of a nearly drowned boy at a motel pool in Arkadelphia last Saturday.

The drama occurred when Ralph Edward Shawler, 13, was in the pool at the Townhouse Motel in Arkadelphia with other relatives. He got into water too deep for him. He went under and could not utter a warning. Moments later his 12-year-old brother, Michael, discovered Ralph lying face down on the floor of the pool and gave out a

## Cool Front Moves Out of State

By THE ASSOCIATED PRESS  
Fair to partly cloudy skies are expected to be the rule over Arkansas through Thursday as a weak cool front moves out of the state.

The cool front moved in from the northwest Tuesday and held daytime temperatures in the 80s in the northwestern portion of the state, but highs were again in the 90s in other sections. Texarkana reported the highest reading of 98 degrees.

Thundershower activity also was associated with the passage of the front. The showers started in west-central Arkansas early Tuesday morning and moved slowly through the midsection of the state during the morning. The showers continued widely scattered over the eastern portion through Tuesday night.

Locally heavy showers produced large rainfall measurements at a few spots in the rainy midsection of Arkansas on Tuesday, with 2.40 inches reported at Stuttgart and 2.04 at Mount Ida. At most other places amounts of rainfall were generally less than half an inch.

Overnight lows around the state include Fayetteville 59, Harrison 62, Jonesboro 69, Pine Bluff 69, Texarkana 70, El Dorado 66, Memphis 70, Little Rock 69, and Fort Smith 65.

Rainfall reports for the 24-hour period ending at 7 a.m. include .11 inches at Jonesboro, .07 at Pine Bluff, .45 at Memphis, and .02 at Little Rock.

## Publication of Secret Data Halted by Court; Hearing Is Promised

### Mansfield Says People Should Know

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield says a secret report on the Vietnam war will be disclosed publicly through congressional hearings, even if newspaper publication of the document is blocked by the courts.

Mansfield said the people have a right to know the details of the way American involvement in the war began and escalated.

The Justice Department Tuesday won a federal court order halting temporarily the New York Times publication of a series of articles based on the 47-volume study of the war.

The order is effective until 1 p.m. Saturday, with a hearing scheduled Friday on the administration request for a preliminary injunction against further publication of accounts of the study.

"Of course the court decision must stand," Mansfield said.

### Times Will Delay Other Articles

NEW YORK Times, complying with a federal court restraining order, today halted publication of material from a secret Pentagon study of the Vietnam war pending a hearing on the government's request for an injunction in the case.

U.S. Dist. Court Judge Murray I. Gurfein said in issuing the restraining order Tuesday that the questions involved were "serious and fundamental," going to the heart of the relationship between the government and a free press.

He ordered the series suspended until 1 p.m. Saturday and set a hearing for Friday. But he refused a government request that the Times be required to surrender the Pentagon documents.

Lawyers for the Times argued that the government's move against the newspaper was a case of "classic censorship" and appeared to be the first time in the nation's history that a newspaper was being restrained by a court from publishing an article.

The Justice Department charged in court that the publication "seriously interfered with the conduct of our foreign relations" and could "result in irreparable injury to the national defense."

In an editorial in today's editions, the Times characterized the government's action as "an unprecedented example of censorship" and said, "The Times will continue to fight to the fullest possible extent of the law what we believe to be an unconstitutional prior restraint imposed by the attorney general."

The Times said it would not have gone ahead with the series "if there had been any reason to believe that publication would have endangered the life of a single American soldier or in any way threatened the security of our country or the peace of the world."

By the publication, the Times said, the question was raised once again "of the government's propensity for overclassification and misclassification of documents that by any reasonable scale of values have long since belonged in the public domain."

In Washington, Senate Majority Leader Mike Mansfield said that the secret study would be publicly disclosed through hearings on the U.S. involvement in the war, regardless of the outcome of the court case.

And the Justice Department acknowledged that the FBI has been asked to study possible criminal violations in regard to the Times' publication of what the government says are top secret documents.

"The FBI investigates all allegations of federal criminal violations and is doing so in this case," said John W. Hushen, chief Justice Department spokesman.

### 3-Car Accident at 3rd and Main

City police report a three-car accident Tuesday afternoon at 3 p.m. at East 3rd and S. Main Streets. The accident occurred when a tractor trailer driven by M. C. Kemp, Russellville, ran into the back of a car driven by Robert L. Knight of W. Va., which, in turn, hit a car driven by Earnestine Sullivan of Pensacola, Fla. All three vehicles were damaged. The Knight vehicle extensively. A passenger in the Knight auto, Mrs. Robert Knight, complained of injuries and was taken to Branch Hospital. Kemp was charged with following too close. Officers Ward and McCulley investigated.

# Mexico City Officials Quit After Riots

MEXICO (AP) — Mexico City's mayor and police chief have resigned in the wake of charges that they sponsored the "Falcon" goon squads that shot up student demonstrators last week.

Mayor Alfonso Martinez Domínguez, a former president of the nation's ruling Revolutionary Institutional party, said Tuesday night he was quitting to prevent people from thinking my presence at the head of the city government would be an obstacle to the investigation" which President Luis Echeverría ordered into the clash.

Col. Rogelio Flores, chief of police and transit, said he will return to his seat in the national Senate.

At least 11 persons were killed and more than 100 injured during the student demonstration last Thursday demanding changes in educational policies and the release of persons arrested during the student demonstrations before the 1968 Olympics were held in Mexico City.

The Falcons are gangs of young armed rightists who attacked the demonstrating students last week while the police stood by. Newsmen on the scene reported the Falcons had portable two-way radios and waited behind the police lines for the students to come out of the National Polytechnic Institute.

Some newspapers have charged that the Falcons are on the payroll of the city government.

Martínez Domínguez denied on the night of the demonstration that the Falcons had any connection with his regime. But he refused to answer when asked why the police did not intervene when the Falcons attacked the students.

Atty. Gen. Julio Sánchez Vargas said his office would "find out who is paying whom."

Sources close to President Echeverría, who has been in office six months, said he considered the action of the Falcons as an attempt to sabotage his campaign to improve the government's relations with students and with youth in general.

In a speech Tuesday, Echeverría appealed to the students not to "be deceived by opposing movements whose only objective is anarchy."

## Huge Force to Protect Observance

By GEORGE ESPER Associated Press Writer

SAIGON (AP) — More than 10,000 South Vietnamese troops have launched one of the biggest security operations around Saigon to protect a parade Saturday in honor of Armed Forces Day, military sources said.

Militiamen sweeping through the Rung Sat special zone to the southeast, a frequent staging area for rocket attacks on the capital, intercepted one group of infiltrators Tuesday. The Saigon command said 11 Viet Cong were killed in the clash 15 miles southeast of the capital. No South Vietnamese casualties were reported. Military sources said Viet Cong troops and underground agents have moved from other provinces into areas adjacent to Saigon. South Vietnamese forces have uncovered a new infiltration route from the Mekong Delta province of Kien Tuong through Long An Province southwest of the capital, and the 15th Viet Cong Sapper Battalion has moved from Tay Ninh Province 55 miles northwest of Saigon into an area just south of the capital, the sources said.

The parade Saturday will be the first in Saigon since Nov. 1, 1967, and it appears to be another move in President Nguyen Van Thieu's campaign for re-election next October. Such parades were discontinued after the enemy's big Tet offensive in February 1968, but Thieu now apparently wants to demonstrate that Vietnamization is working and the capital is secure.

Some U.S. and Australian forces will participate in the parade, the South Vietnamese command said. Two battalions of South Vietnamese paratroopers will be standing by to go into action should trouble break out.

Thieu also has ordered amnesty, to be announced on Armed Forces Day, for some 4,000 military deserters and petty criminals serving with South Vietnamese combat units as "coolies of the battlefield."

The amnesty will apply to the members of the 10 so-called "dirty battalions," each composed of about 400 men who serve as frontline laborers and ammunition bearers but carry no weapons and are kept under guard at night. The amnesty will return the men to full soldier status and restore their rights as citizens.

In other war action: —North Vietnamese mortar-men slammed 65 shells into the position of U.S. air cavalry troops 42 miles northeast of Saigon. The U.S. Command said some Americans were wounded.

—Viet Cong sappers blasted their way into Thai Hiep Thanh, a village half a mile outside of Tay Ninh City, and blew up the village office. A communique from the Saigon command said four persons, including the village chief, were killed and three wounded.

—A U.S. helicopter supporting South Vietnamese troops on a sweep to block enemy infiltration southeast of Khe Sanh was shot down. Two crewmen were killed and two were wounded.

—U.S. B52 heavy bombers kept up saturation raids in the region around Khe Sanh.

## Navy Man, Child Killed in Accident

PINE BLUFF, Ark. (AP)—A Navy lieutenant and his infant daughter were killed and four other persons critically injured Tuesday when three cars collided on U.S. 65 about 10 miles north of here.

State Police identified the dead as 22-month-old Alicia Ann Goss and her 26-year-old father, Lt. Donald A. Goss of North Little Rock.

Goss' wife, Judith, 25, was hospitalized here in critical condition, officers said.

Taken to the University of Arkansas Medical Center in Little Rock as "very critical" were Lee H. Marshall, 34, and his 10-year-old son, Herman, both of Pine Bluff.

Goss, a dentist in the Navy, was en route to Pensacola, Fla., when the accident took place, police said.

He said the hearings might be held by the Senate Foreign Relations Committee or the Armed Services Committee.

"If they don't, I will, and it will be laid out," said Mansfield, chairman of a subcommittee on Far Eastern affairs.

Mansfield said he had discussed the matter with Sen. George D. Aiken of Vermont, senior Senate Republican, who agreed the public should be fully informed about the report on the development of U.S. policy into 1968.

The majority leader said the hearings would be "for the purpose of laying the story out before the Congress and the people in as comprehensive manner as possible."

Mansfield said it is his position that if the courts prevent the Times from publishing the balance of the findings reached in the pentagon study, the Senate hearings will make the material public.

## Indochina Money Cut Is Doomed

WASHINGTON (AP) — A proposal to cut off funds for U.S. fighting in Indochina reached the Senate today for a vote with every indication the measure would be rejected for the second time in nine months.

The Hatfield-McGovern amendment to the draft-extension bill would withdraw U.S. war funds Dec. 31. A substitute proposal would move the cutoff date to June 30, 1972, and allow the President to retain troops in Vietnam in the absence of an agreement for return of U.S. prisoners.

A poll by The Associated Press showed 54 senators firmly or probably against the Hatfield-McGovern amendment, 37 in favor and nine undecided. Three of the undecided were understood to oppose the measure; two reportedly are in favor.

Senate Republican Leader Hugh Scott told President Nixon Tuesday the count stood at 52 against and 39 for the amendment sponsored by Sens. George S. McGovern, D-S.D., and Mark O. Hatfield, R-Ore.

At least two senators were expected to miss the vote. They are ailing Karl E. Mundt, R-S.D., who opposes the amendment, and J.W. Fulbright, D-Ark., who favors it. Fulbright is paired with Sen. William B. Spong, D-Va., an opponent, in an arrangement under which their balancing votes will not be counted.

The House votes Thursday on its version of the amendment, with supporters claiming a maximum 150 votes, far short of the 218-vote majority.

ey family is not nocturnal and is like humans or daytime creatures."

This, in my opinion, Schambagh said, would rule out any type of monkey or ape. "I think it might be some kind of hoax and I certainly hope someone does not get hurt," he said.

"I don't think a monkey could survive a winter here," he said. "There are, and have never been, no monkeys native to North America, so that rules out anything that could have been left over from times past."

Miller County Sheriff Leslie Greer thinks, however, that the monster may be either a large monkey or a small ape.

Greer, along with several of his deputies and residents of the Fouke area, searched a wooded area about four miles southeast of Fouke for several hours Tuesday after the creature was sighted by two men Tuesday morning as it crossed a road in front of their car. The men said it walked across the road and into a wooded area adjoining a soybean field where dozens of tracks were found Sunday. The tracks were about 13 1/2 inches in length with three large toes.

Some area residents have theorized that there may be more than one of the monsters, since several differing descriptions have been reported.

## Calendar of Events

### Thursday, June 17

Chapter 328, Order of the Eastern Star, will have a regular meeting at 7:30 p.m. Thursday, June 17.

Members of the Golden Age Club are asked to be at the Douglas Building by 11 a.m. on Thursday for the covered dish luncheon.

### Saturday, June 19

An adult dance will be held at the Hope Country Club Saturday, June 19 from 9 p.m. until 1 a.m. Admission is \$1 per couple. Hosts are Mr. and Mrs. Jack Reynard and Mr. and Mrs. Jack Webb.

### TOPS Group Meets

The Hopeful TOPS Club met Monday, June 14 at the Douglas Building with the president, Doris Walden, conducting the business meeting. In addition to 26 members, there was one guest, Mrs. Don Mulligan of San Diego, Calif.

"Common Excuses for Over-eating" was the thought-provoking program which Linda Bell presented to the club. The Ha-Ha Box went to Doris Walden. Queen for the Week was Sue Edmondson, and Queen for the Month of May was Charlotte Smith.

### WSGS No. 5 Meets

Circle 5, WSGS, met Monday, June 14 in the home of Mrs. W.M. Reinhardt with Mrs. Henry Seamans, co-hostess, and heard an inspiring program by Mrs. H.E. Patterson on "Signposts of Devotion." She used three pictures of the head of Christ to illustrate her talk, and then asked those present to name other "signposts" in life which have provided inspiration for

them. "We are an object-minded people," she said, "and Christian symbols fill a need in our lives." This led to a discussion by the members.

Business matters transpired under the direction of Circle Chairman Mary Anita Laseter. Plans were made for a supper meeting in July with Hawaii as the theme. Tuesday, July 20 is the date for it, and the Douglas Building will be the location with Mrs. Paul Bain, Mrs. Austin Hutson, Mrs. Odette Johnson and Mary Anita Laseter as hostesses. Mrs. Calvin Smith will head a special committee for decorations, and a special program has been planned. Twelve members and one guest, Mrs. Harold Foster, enjoyed a period of fellowship at the June meeting, and the hostesses served fresh raspberry dessert with tea or coffee.

### Party For Bride-elect

On Friday night, June 11 the home of Mrs. Jim James was the setting for a lingerie party for bride-elect Miss Peggy Franks. Assisting were co-hostesses, Misses Daria James and Debbie Connelly.

The living room and the dining room were decorated with blue and white daisies. The dining table, covered with white net over white satin, was centered with blue and white daisies flanked by silver candelabra holding lighted blue candles.

Before the many lovely gifts were opened, bridal games were played and prizes given to the winners. For refreshments the hostesses served sherbet and individual cake squares covered with white icing and topped with a wedding bell.

The 14 guests included one from out of town, Miss Gloria Gray of Longview, Tex.

### Duplicate Bridge Play

Three tables of players met for the Hope Duplicate Bridge Club on Monday, June 14 at the

Diamond. Winners were: first, Rudy Fick and Mike Kelly; second, Mrs. R. L. Broach and Mrs. E. P. Young, Jr.; third, Mrs. Marie C. Hendrix and Mrs. Lloyd Spencer.

### Braden Reunion

On June 6th in the Douglas Building, descendants of John Wesley Braden, who was born in 1854, met for their first family reunion. They enjoyed fellowship and lunch together, then games were played and prizes were given to the oldest, youngest, the largest family present and the one who came the longest distance.

Families of Cora Bell (Braden) Newell who were present from Nashville were: Mrs. Ila Roberts, Mr. and Mrs. Roy Jones, Mr. and Mrs. Eugene Harris and children, Donna and Johnny, Mrs. Karla Deer, Miss Rhonda Blackman, Mr. and Mrs. Johnnie Green, Mr. and Mrs. Eugene Green and children, Vicki, Katherine, Steven, Virginia and Susan.

Families of John Cleveland Braden present were: Mr. and Mrs. Johnnie Gaston of Camden, Mr. and Mrs. Jack Rogers and children Bruce and Jeff of Springhill, La., Mr. and Mrs. James Braden, Mr. and Mrs. William Tyler and Julie, Michael Braden, Mr. and Mrs. Lovie Rodriguez and John all of Hope.

### Births

Mr. and Mrs. Bill F. Powell, Jr. of Lewisville announce the arrival of a daughter on June 5. She has been named Stephanie Lea. Grandparents are Mrs. Eula C. Tollett of Ozan and Mr. and Mrs. Bill F. Powell Sr. of Lewisville.

### Coming, Going

This past weekend Mr. and Mrs. Roy Dudley went to Ft. Worth to see Mr. and Mrs. Jerry Jones and daughter and to Carswell AFB, Tex., to see T. Sgt. and Mrs. Hoyt Townsend and family.

Miss Jeanette Sutton, El Paso, is visiting Mrs. Ruth Sutton and the Austin Hutson family.

### CAROL DENISE YOCOM

Mr. and Mrs. Carol Yocom announce the engagement and approaching marriage of their daughter, Carol Denise, to Terry Neal Vines, son of Mrs. Curtis O'Linger of Houston, and the late Jack Vines of Clarksville.

The bride-elect is a 1970 graduate of Hope High School and attended Henderson State College. She is presently employed at Southwestern Bell Telephone Company in Arkadelphia.

Mr. Vines is also a 1970 graduate of Hope High School. He is now serving active duty for National Guard at Fort Polk, Louisiana.

program and still keep friends? —RUNNING OUT Dear Mothers All:

Two unwritten laws of childhood are: "Whoever looks hungry, feed 'em," and "Look hungry!"

If neighborhood mothers join forces to discuss their various problems, much of this over-feeding and over-eating might be eliminated. You'd better believe the chubby kid who appears at the drop of a cookie isn't always "sent begging" by a don't-care family. Nor is the parent who hands out sweets always appreciated as Mrs. Bountiful.

Why not plan a "Mothers' Coffee" and work up some laws of your own? —H.

Dear Helen: My husband is wonderful to me—between affairs. But he can't stay away from other women more than a couple of years at a time. He gets serious over a girl, tells me everything they do and say—and I'm supposed to understand "because it's a man's nature."

We both know that if I stand by and wait, he'll get over the new love, and then it will be almost like a honeymoon for us—until the next time.

This has been going on for ten years. The affairs seldom last more than two months. I've read that "swinging" (wife-swapping) is sometimes the answer when a man feels it's his right to refresh marriage with adventures, but my husband thinks this is "sick." (So do I!) It would be the end for us if I found a lover, too.

Should I resign myself to sharing him two or three months out of 24—hoping as he grows older he'll stop falling so regularly "in love," or should I leave the best man in the world—when he's faithful?

At least he's truthful. If I make a fuss he might start sneaking around. —BAFFLED WIFE

Dear Wife: So long as you're only "baffled," and not crushed, then perhaps you've achieved the "modern" detachment that will let you live with this situation. In some countries, it's the accepted way. (But not in Bottel country!) —H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble; let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bottel in care of Hope Star. Copyright, 1971, King Features Syndicate, Inc.

## 60th Anniversary

Mr. and Mrs. E.N. May Sr. were honored on their 60th wedding anniversary by their children, Elbert May Jr. of Odessa, Tex., Mack May of New Iberia, La. and Mrs. William J. Choniski of Castle Rock, Colo. at the Town and Country Restaurant, Sunday, June 13.

The table was covered with a imported Batenberg cloth centered with mixed flowers arranged in an antique footed ambrosia bowl that belonged to Mrs. May's mother. The centerpiece was flanked by antique cut glass candle holders belonging to a friend of the family in Magnolia.

Mrs. Merle Lee, of Magnolia, sister of Mrs. May, Mrs. Elbert May, Jr. and Mrs. Mack May helped to dispense hospitality to the two hundred guests.

Punch, petit fours, nuts and mints were served by two granddaughters Mrs. Dennis Downing of San Bernardino and Miss Carol May of Odessa. The guest book was presided over by Miss Janice Choniski of Castle Rock.

The banquet room was lovely with flowers from friends and old fashioned tunes were played by Miss Marynell Branch.

## Coming, Going

Mrs. Graydon Anthony and a sister, Mrs. Don Mulligan of San Diego, Calif., went to a class reunion at Laneburg School on Sunday and to Crossett Tuesday to see a brother, Charles Nelms and family and another sister, Mrs. O. G. Wren of Little Rock.

Miss Jean Laseter, Hot Springs, has been visiting in Hope before leaving with Webb Laseter for Houston, where both will have medical check-ups at the M. D. Anderson Clinic.

After Mrs. T. C. Carroll of Howe, Tex., and Mrs. Terry Downs of Mesquite, Tex., had visited their parents, Mr. and Mrs. Charles Ellis, recently, they were accompanied home by them for a visit in Texas. The Ellises also went to see Mr. and Mrs. Jerry Mandeville in

## Television and Radio

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP) — "Justice in America," CBS' three-part series on the nation's current concern about law, order and legal rights, concluded Tuesday night by looking at crime and the courts.

No subject so huge and complex can be examined closely in 60 minutes. The program said an estimated 10 million serious crimes were committed last year although only about half were reported and fewer than one-tenth of those reached the courtroom.

The program handled the subject in just about the only possible way: by concentrating on conditions in one city—Denver—and applying facts, opinions and theories to the rest of the country.

It was a distressingly familiar story—at least half of the serious criminal offenders are 18 or younger and involved in everything from shoplifting to armed robbery; nervous and angered citizens demand stricter law enforcement; courts are reluctant to send young first offenders to correctional institutions; courts and probation departments are overburdened.

While most of the program was a recital of the dilemma, there were some constructive suggestions. One Denver judge holds great hope for a system of volunteer probation officers, unpaid business and professional men and housewives, each with a single youthful offender upon whom to concentrate. Among the 5,000 who have reported to the 1,000 vol-

unteers, the rate of recidivism has been cut in half. For the rest, remedies outlined in the program included more efficient courts, beefed up police and probation departments better control of drugs and addiction and, of course, more money.

The program seemed to be primarily concerned with the problems of the offenders, and almost totally ignored the problems of victims and potential victims.

Bill Cullen, currently a panel member on the syndicated "To Tell the Truth," will return to NBC Aug. 2 as host of another game show, "Three on a Match." It will replace Joe Garagiola's "Memory Game."

Garagiola's show never got off the ground. It was dull and complicated and came toward the end of a block of seven game shows, five of which are built on questions and answers. Cullen's new effort sounds as if it will come from the same general recipe.

### TWO SIDES TO THE STORY

Dear Helen: Our eight-year-old has a tendency to overweight, so we try to watch her diet, without making a big issue over it.

But everything we do at home (or omit) is counteracted by neighbors who feed her desserts, cookies, ice cream, snacks. Outside of putting a placard on her saying "Don't feed me" how can we educate well-meaning friends? —MOTHER

Dear Mother:

The following letter came from a different city, but it might show you that neighbors, too, have food problems. —H.

Dear Helen: I don't like to look stingy to my children or their friends, but this "feeding the multitude" has got to stop. Whenever I make cookies or have something special, the word spreads along the block, especially to two chunky twins who appear like magic, just as our children take the first bite.

They also show up right at dessert time, looking hopeful and hungry. And because they're "best friends" with ours, they stay for meals a lot, which is all right if I plan extras, but embarrassing when the children take these casual eating habits for granted. Ours don't snack at their house.

How do you start an austerity

## Giants Over Philadelphia, 6-0 Score

By KEN RAPPOPORT  
Associated Press Sports Writer

The wild, wild West is getting out of hand and San Francisco needs a tough slinger to silence that swaggering bunch from Los Angeles.

Get Ron Bryant. Ron Bryant? Well, he's as tough a slinger as the Giants have right now, with all due respects to Juan Marichal and Gaylord Perry.

Bryant pitched the first complete game of the Giants' June flop, firing four-hit blanks at Philadelphia for a much-needed 6-0 triumph Tuesday night.

It was only the Giants' fourth victory in June, a month which cost them ground in the National League's West race. Since the first of the month, San Francisco's whip-hand lead of 10 games was whittled in half to five by high-riding Los Angeles.

Incidentally, San Francisco's top pair of Marichal and Perry was not able to win during the spinout.

In the National League's other games, Los Angeles kept hot with a 2-0 triumph over New York, the Dodgers' fifth straight and eighth victory in 10 contests; San Diego topped Montreal 3-1; Chicago whipped Atlanta 3-1; St. Louis trimmed Cincinnati 6-1 and Pittsburgh beat Houston 3-0.

New York stopped Kansas City 2-1; Chicago clouted Detroit 6-1; Minnesota scored over Cleveland 5-3; Milwaukee nudged Baltimore 6-5; Oakland routed Washington 8-2 and California shaded Boston 5-4 in the American League.

"The ball was really moving," said Bryant, explaining how he got the Giants' reverse express untracked. "The fact that I threw many pitches and still got the shutout showed I had something."

The southpaw unleashed 132 pitches, mixing a superb curve with his cannonball serve.

Bryant was able to get the first batter in every inning except the fourth, when he walked Deron Johnson.

"And the fact that I went to three balls on five or six guys and was able to get them out ... well, that helped, too," said Bryant, who picked up his sixth victory to tie him for second on the club among starters with Perry. Marichal has eight.

Alan Gallagher ended an 0-for-27 slump with a two-run single to back Bryant's beauty. Gallagher's single came with the bases loaded during a four-run fourth inning and kayoed Philadelphia's starter Barry Lersch.

Al Downing kept Los Angeles on the San Francisco beat with a five-hitter and Maury Wills knocked in all the Dodger runs with a two-run single in the fifth inning.

New York's Nolan Ryan, who struck out nine and gave up only five hits in eight innings was touched for a single by Tom Haller and double by Bob by Valentine to put men on second and third. He struck out Downing for the second out and had two strikes on Maury Wills before the Dodger shortstop laced the next pitch to left for the decisive runs.

Pinch-hitter Larry Stahl doubled home the tie-breaking run and Angel Bravo added an insurance tally with a sacrifice fly as San Diego came up with two runs in the ninth to beat Montreal.

Leron Lee opened the Padres' rally with a one-out double and raced home with game winner on Stahl's shot down the right field line. Stahl, who went to third when Rusty Staub fumbled his hit, eventually came in on Bravo's long fly to right.

Joc Pepton beat Atlanta for the second straight day, leading Chicago's victory with a two-run single in the first inning to beat Bill Hands' three-hitter. Pepton, hitting in his 14th straight game, delivered a three-run homer in Monday's 3-2 triumph over the Braves.

Reggie Cleveland pitched a three-hitter as St. Louis snapped a seven-game losing spin. Jose Cardenal, Ted Sizemore and Jim Beauchamp hit

## Palmer Says Time Is Running Out

By BOB GREEN

Associated Press Golf Writer  
ARDMORE, Pa. (AP) — A wry, rueful smile stretched across the famous, putty face, and Arnold Palmer admitted: "Time is running out."

Palmer, at 41 an aging lion, but still one of the chief contenders in the 71st U.S. Open golf championship, took a long look at himself and the game he has helped popularize before teeing off in a practice round Tuesday.

"My long-range goal is the same now as it was in 1960 (when he won the Open and the Masters): it's the same as (Jack) Nicklaus'—win all four major championships in a single year.

"I think it can be done, and I think I can do it."

He paused, then smiled again.

"But each year that goes by it becomes more and more unlikely.

"I have a lot more, a lot different interests now than I did in 1960. Then I just wanted to play the best golf in the world."

"I still love the game, love to play it. I can't think of anything I'd rather do. But as you grow older, you develop different, varied interests. You have to, or you're going to be in big trouble."

Would he make any changes in his life if he could do it all over?

"No, I can't think of anything I'm happier doing. If I couldn't play on the tour, I think I'd be in the game some how, as a club pro or a greenskeeper or something."

"And if there weren't a game of golf, I'd probably have gone into flying. Maybe a test pilot or something like that."

Again, the big grin.

"But if that had happened, I'd probably be dead by now. Cracked up somewhere. You shank when you're flying and you've had it."

He hasn't won a major championship—the United States and British Opens, the Masters and PGA—since the 1964 Masters. But, off his performance this season, he ranks—behind Nicklaus—as one of the prime candidates for this title, possibly the most prestigious the world can offer.

Palmer, the game's all-time leading money winner and the most popular player the game has ever known, is enjoying his best season in three years.

He's won twice and has more than \$109,000 in winnings, fourth on the list, this season.

Some other major contenders in the 72-hole test that begins Thursday include Billy Casper, Masters champion Charles Coody, Frank Beard, Gene Littler, Lee Trevino, South African Gary Player, Tom Weiskopf and England's troubled Tony Jacklin, the defending champion, and possibly the reigning U.S. Seniors champion, 51-year-old Julius Boros.

But the awesome Nicklaus ranks as the man to beat in the international field of 150.

The trimmed down 180-pounder, a new-look man with a fresh wardrobe and mod-length blond mane, appears to be at the top of his game.

He has scored three tournament triumphs, including the PGA national title. He was second in the Masters, lost in a playoff two weeks ago at Atlanta and has failed to make the top 10 finishers in only two starts this season.

home runs for the Cardinals.

Steve Blass held Houston to six hits and Al Oliver spanked a tie-breaking seventh inning home run off Astro ace Larry Dierker as Pittsburgh won its fifth in six games.

## Chicago Has 6-1 Win Over Detroit

By DICK COUCH

Associated Press Sports Writer  
It took Joe Horlen's magical healing powers just 29 days to transport him from the operating table to the pitching mound. Now, after a year-long struggle, he's also recovered his winning touch.

Horlen, who made a remarkable comeback a month ago from his second knee operation since last August, hurled the Chicago White Sox past Detroit 6-1 Tuesday night for his first victory since, last June 19.

Bill Melton's grand slam homer and solo shots by Mike Hershberger and Rich McKinney provided solid backing for the courageous 33-year-old right hander, who scattered eight hits in going the route.

Elsewhere in the American League, Milwaukee overhauled Baltimore 6-5; the New York Yankees cooled Kansas City 2-1; Minnesota topped Cleveland 5-3; Oakland Belted Washington 8-2 and California nipped Boston 5-4.

In National League play, Los Angeles blanked the New York Mets 2-0; San Francisco zipped Philadelphia 6-0; St. Louis downed Cincinnati 6-1; San Diego trimmed Montreal 3-1 and the Chicago Cubs defeated Atlanta 3-1.

Horlen, a double-figure winner for seven consecutive seasons, beginning in 1963, slipped to 6-16 last year and was forced to undergo surgery on Aug. 4 for the repair of torn cartilage in his right knee.

Dr. Gerald Loftus, who operated on Horlen, said he'd probably be through for the season. But Horlen returned to action after 34 days, working six times in relief in the final month.

He went to spring training this year with high hopes of regaining his form, but was sidetracked again on April 4, when he suffered torn cartilage in his other knee. Another operation was performed the following day.

This time, the projected recovery period was six to eight weeks. But Horlen was exercising the damaged leg three hours after the operation—and pitching in relief on May 4, 29 days after surgery.

His true gift finally paid off, after three setbacks, Tuesday night when he shackled the Tigers, who had won six of the previous seven starts.

Melton broke the game open in the sixth with his 10th homer and second grand slam of the year.

Detroit's Gates Brown set an all-time AL record of 77 career pinch hits when he slammed an eighth inning triple.

Milwaukee spotted the Orioles a 4-0 first inning lead, battled back to tie the game in the sixth and then floored the defending world champs on John Briggs' leadoff homer in the ninth off reliever Pete Richert.

Tommy Harper led the Brewers' comeback with two doubles and a homer, good for three runs batted in. Two-run homers by Frank Robinson and Brooks Robinson gave the Orioles their early jump.

The Yankees snapped Kansas City's six-game winning streak on a two-run homer by Bobby Murcer and the five-hit pitching of Steve Kline.

Murcer slammed his 11th homer of the season in the sixth off Ken Wright following a single by Kline.

Home runs by Tony Oliva, Rich Reese and pinch-hitter Brant Alyea powered the Twins past Cleveland.

Mike Epstein socked two homers for three Oakland runs and Bert Campaneris homered for three more, helping unbeaten Chuck Dobson breeze to his fifth victory with a five-hitter.

Syd O'Brien rapped a two-run homer in the ninth, lifting the Angels past the Red Sox. Controversial Alex Johnson, back in California's starting lineup for the first time since June 4, poked three hits.

## Frazier Taught Ali Humility

By JERRY LISKA

Associated Press Sports Writer

CHICAGO (AP) — Joe Frazier apparently taught Muhammad, Ali, nee Cassius Clay, some humility as well as puncturing the invincibility of the one-time disdaining poet of the ring.

"Jimmy Ellis has as good a chance against me as anybody I ever fought," a subdued Ali said Tuesday as he opened drills for the 12-round heavyweight match with his former sparring mate at the Houston Astrodome July 26.

Ali showed up ahead of time for his first comeback training appearance in the mammoth, 600-foot Quonset hut-type Chicago fireman's gym at Navy Pier and displayed little of his old-time flippancy before a flock of sports writers.

Besides lauding Ellis, his sparring mate in his pre-military draft trouble years, Ali conceded Frazier's left hook was dynamite, and that he would like two more bouts after meeting Ellis to ready for an expected 1971 rematch with Frazier.

He wasn't even perturbed that Angelo Dundee, his regular trainer for past big fights would handle Ellis for the Houston match.

Ali, to be trained here by Fred Stoner, his trainer when he was a Louisville amateur boxer, admitted Dundee might be able to help Ellis with pointers on Ali's style.

"But he won't make Ellis a better fighter," said Ali, who added he probably would retain Dundee in his expected rematch with Frazier.

The 29-year-old former champion, weighing 228 pounds—some 18 over his planned poundage for Ellis—professed little concern over an imminent ruling by the U.S. Supreme Court on his long-pending draft evasion case.

The high court Monday skipped expected action in the case.

"I understand from Washington there may be a ruling next week," said Ali, who could face five-year imprisonment with an unfavorable finding. "I'm not thinking about it at all."

"That 228 pounds ain't too bad," said Ali as he posed stripped before a mirror and patted his protruding stomach.

"I've been up to 245, after my first Sonny Liston fight. But I have to work harder than I used to in training—I'm getting older."

Stressing that Ellis defeated Oscar Buonavena, Floyd Patterson and Jerry Quarry and was beating Frazier until he was kayoed, Ali asserted: "If we fought today, and Ellis was in shape and I'm like I am, he'd whip me."

RUSSELLVILLE, Ark. (AP)

—The state junior champ track meet sponsored by the Arkansas Jaycees will be held Saturday on the Arkansas Tech campus here.

Jaycee chapters across the state will sponsor youths from their area. Boys and girls, ages 8 to 18, will compete in the five divisions in the meet.

The meet will establish entrants from Arkansas who will be eligible for the national competition in Bowling Green, Ohio, July 30-31.

## Conflict Over B. Sharman Continues

SPOKANE, Wash. (AP) —

Coach Bill Sharman said Tuesday the Utah Stars have "no legal or moral" grounds for continued action, especially since a restraining order against him leaving to join the Los Angeles Lakers has expired.

"I'm disappointed they're continuing legal harassment," Sharman commented about a letter the Stars sent to the Lakers, threatening legal recourse if the National Basketball Association club hires him as coach.

The former NBA standout announced June 1 he was leaving the Stars to assume the coaching chores at Los Angeles. That announcement ignited a legal tug-of-war with the Stars management, which said it was suing Sharman for \$5 million for breach of contract.

The letter to the Lakers said Sharman's employment would be deemed "an inducement of a breach of contract and an unlawful interference with a business contract."</

# Royal Wins Coaches Invitational

BELLA VISTA, Ark. (AP) — University of Texas Coach Darrell Royal won the annual Coaches Invitational Golf Tournament here Tuesday with an 11-over-par 155.

Royal had a six-over-par 78 Tuesday. He finished Monday's round at 77.

Coach Chuck Fairbanks of Oklahoma also turned in a 78 Tuesday to finish second with a 156.

Defending champion Frank Broyles of Arkansas, who led the field Monday with a 76, slipped to an 84 Tuesday and finished in a tie for third with Coach Ben Martin of Air Force. Martin and Broyles wound up at 160 for the 36 holes.

Behind the leaders were Bobby Dobb of Texas at El Paso, 168; Jim Pittman of TCU, 170; John Majors of Iowa State, 173; Bill Fulcher of Tampa, 174.

Defending champion Harry King of The Associated Press bureau in Little Rock was the winner again this year in the press division. King turned in an 81 Tuesday for a 157 total.

Tom McEwen of the Tampa (Fla.) Tribune and Larry Guest of the Jackson (Miss.) Clarion-Ledger tied for second at 162. Dick Wade of the Kansas City Star was next at 169.

Jim Simpson of the National Broadcasting Co. was awarded a 15-foot fishing boat for scoring a hole-in-one on the 5th hole. It was the first time in the seven-year history of the tournament that a hole-in-one had been made.

## No Major Deals in NL and AL

By THE ASSOCIATED PRESS The trading deadline in the major leagues passed virtually unnoticed.

Not a single major deal was reported by the 24 clubs in the National and American Leagues.

The only transactions Tuesday were minor ones.

The St. Louis Cardinals sent Mike Torrez to the Montreal Expos for another right-handed pitcher, Bob Reynolds.

Reynolds had been with the Expos' farm club, Winnipeg, in the International League where his record was 4-2. Torrez, 1-2 with the Cards, was assigned to Winnipeg by the Expos.

It was reported that a last minute deal between California and Washington involving controversial outfielder Alex Johnson of the Angels might be consummated but the trade failed to materialize.

The Senators did, however produce several late transactions. They cut veteran infielders Joe Foy and Don Wert and called up second baseman Lenny Randle and third baseman Dave Nelson from their Denver farm club in the American Association.

Washington Manager Ted Williams said that Foy and Wert would be sent to Denver if they were claimed by the other major league teams. Foy hit .234 for his season and Wert .050.

The Senators also obtained infielder Jim Driscoll from Oakland for a player to be named later. Driscoll, 26, has been with the Athletics' Iowa farm club in the American Association. He batted .192 in 21 games with the A's last season.

## Hope Whips Nashville 7-2

Last night at Legion Field, Hope's Junior American Legion Team whipped Nashville, 7-2, for the first time this year to raise their record to an even 5-5 seasonal slate.

Richard Butler notched his second win of the season against no losses, going the distance for the second straight time and scattering five hits with Nashville having to scrap for their two runs.

Tim White and Sidney Waller led Coach David Fayad's surging forces, combining for five hits and four RBI's, while Buddy Ingram also had a key single.

Hope never trailed after taking a first inning, 2-0, lead and adding runs in the fourth and fifth innings, while Nashville scored their two in the fifth off two hits and an error.

Next game for Hope will be at

## Bulls Open Rookie Camp

CHICAGO (AP) — Howard Porter, controversial draftee from Villanova, will make his first appearance in a Chicago Bull uniform today as the National Basketball Association club opens its rookie camp.

The newcomers also include the Bulls' No. 1 draft choice, Kennedy of Eastern Michigan.

The 6-foot-8 Porter was signed by the Bulls after Porter denied he previously had signed with the Pittsburgh Condors of the rival American Basketball Association.

It was reported the Bulls rewarded Porter with a \$1.5-million five-year contract.

Coach Dick Motta will greet the rookies hobbling on crutches with a cast on his right foot, injured while playing squash.

## Track, Field Athletes in Dispute

KANSAS CITY (AP) — The president of the United States Track and Field Federation said Tuesday that if the Amateur Athletic Union "wants war, then, by damned, we'll give them war."

Wayne Cooley, USTFF president, spoke at a news conference as the federation was concluding its annual meeting.

Cooley joined Carl Cooper, executive director, in charging the AAU had rekindled the dispute over sanctioning of track and field meets.

They charged the AAU on three counts:

"1. The AAU has openly invited war between the two organizations by threatening the eligibility of athletes if they participated in our national meet in Wichita. I take the position, and it is shared with the USTFF Governing Council as recognizing this as an open declaration of war," Cooley charged.

"2. At Wichita State in 1970 Tom Hill of Arkansas State set an international high hurdle record" the statement continues, and proper application was made to the AAU for recognition of the record, according to Cooley. He said the AAU refuses to "file the record with international authorities." He charged this was a "vendetta" against the Federation.

In his third point, Cooley said the Federation had applied for membership on the United States Olympic Committee late last spring but the plea "has been tabled." He also said the "Jim Ryun 880 record recognition plea record was tabled and tabled," as was Hill's record.

## SIU Knocks Out Pan American 8-4

By DAN EVEN Associated Press Sports Writer OMAHA, Neb. (AP) — "If the draw turns out right I would say we are in good shape," said Southern Illinois coach Richard Itchy Jones Tuesday night after his third-ranked team knocked out No. 2 Pan American 8-4 in the 25th annual College World Series. And that's how it turned out.

Defending champion Southern California used four fifth inning gift runs to topple previously-unbeaten Tulsa 8-4 and throw the tournament into a three-team scrap.

Jones then drew the envelope that had "bye" in it and will sit back and watch top-ranked Southern Cal. 51-13 and Tulsa 35-11 scrap again tonight at 8 p.m.

Tonight's winner meets Southern Illinois 43-8 for the title Thursday night.

USC coach Rod Dedeaux, bidding for an eighth championship for his team and a sixth crown personally will send

Mark Sogge (13-1) against Tulsa's Cliff Butcher (10-5).

Sogge pitched the Trojans to a 5-1 first-round victory over Seton Hall Saturday. Butcher yielded four runs in four and two-thirds innings in Tulsa's 9-3 second round victory over Harvard Sunday.

# Albuquerque Quiet After Disorders

ALBUQUERQUE, N.M. (AP) — After two days of violent disorders that left 15 persons wounded by gunfire and damage in the millions, calm has returned to this desert city of 250,000.

After the last violent incident took place Tuesday, a police report showed arrests during the disturbances totaling 630, including 117 juveniles.

Fire Chief Ray Kuhn estimated damage from fires—many of them he said were touched off by firebombs—would run to \$3 million or more. Losses from looting, broken windows and other acts of vandalism were expected to total at least another \$1 million.

Police and National Guardsmen ordered into the city by Gov. Bruce King were kept busy Tuesday answering reports that young people were gathering in various sections, but none of the reports proved true.

The 1,000-man National Guard force called into the city was reduced to 600 Tuesday. In the last major incident, early Tuesday, two guardsmen were injured when their Jeep left the road in northeast Albuquerque. They said their vehicle was forced off the road by a car carrying three men and a woman.

Hospitals reported treating a total of 40 persons, including those hit by bullets, during the disorders and a volunteer medical aid team set up by University of New Mexico students said it had treated 50 persons, most for cuts from broken glass.

The disorders were sparked Sunday when police attempted to arrest a group of young people at Roosevelt Park for public drinking.

# Land Mines Kill 8 in Poland

WARSAW (AP) — The small, metal object, dug up in a Polish field, was intriguing for its young finders. Seconds later they died in a blinding blast—the latest victims of what is known here as the "Rusty Death."

The problem of land mines hidden in Poland's fields is enormous even though World War II ended 26 years ago. Official figures show 350,000 mines and various kinds of shells were uncovered last year.

Of 48 persons killed in the last 18 months 40 were children. Of 157 wounded 125 were children.

Authorities have tried to combat the problem by using special military teams to comb the country for old explosives.

Poland was one gigantic battlefield in the war starting with the Nazi invasion in 1939 and intensifying in 1944-45 when the Germans retreated from Russia.

Officials estimate that since the war Polish soldiers have defused 15 million mines and 70 million other explosives. In that

A workshop was held at Henderson State College, Arkadelphia, June 7-12, as a part of the summer program of the Arkansas Council on Economic Education carried on to offer teachers an opportunity to expand their understanding of the American economic system, which is being phased into the regular social studies program at all levels of education or offered as a separate subject.

The emphasis in this workshop was on the use of a new guide, "Economics in U.S. History-1865-1970", was prepared and published in Arkansas under the direction of the Department of Education and the Arkansas Council on Economic Education. It has been described by educators over the nation as the most impressive publication of its kind that has been developed by a Department of Education. Phillip E. Powell, Director, M. H. # Jordan Is New Head of Urban League

ATLANTA, Ga. (AP) — While Whitney Young devoted his energies toward jobs and housing for blacks, his successor as executive director of the National Urban League has used his talents to involve blacks in politics.

"There is taking place in the South a metamorphosis in black leadership," Vernon E. Jordan said in 1970 shortly after he left his post as director of the Atlanta-headquartered Voter Education Project to become executive director of the United Negro College Fund.

Jordan, 35, was appointed Tuesday as the successor to Young, who drowned March 11 while swimming at Lagos, Nigeria.

In accepting the post, Jordan said that while there appears to be an indifference to blacks on the part of the Nixon administration, he hoped as a lawyer to carry the case for black equality to Washington "and not only be heard, but get results."

Asked how his program as executive director of the league might differ from Young's, Jordan responded with praise for his predecessor, then added: "My approach will be my approach; whether that will be interpreted as radical, moderate or conservative will not be for me to decide."

Jordan said he would not take over his Urban League duties until the end of the year, so he could fulfill a commitment to lead a campaign to raise \$10 million for the college fund.

Jordan, who headed the black voter drive from 1962 until 1969, was a leader in obtaining funds from private foundations to help finance registration of black voters in the South.

Jordan's black voter drive left a firm and permanent imprint on the South.

An analysis of the 1966 elections in 11 Southern states showed that 20 blacks were elected to state legislature that year—an increase of nine.

By 1970, nearly 3.2 million Negroes were registered voters in the states of the old Confederacy. Ten years before, 1.5 million blacks were registered.

The impact of black political power, says the 6-foot-4, 230-pound Jordan, will be "our most effective and respected weapon."

Born in Atlanta on Aug. 15, 1935, Jordan completed his high school education in Atlanta and earned degrees from DePauw University and the Howard University School of Law.

As a civil rights leader, he has also served as Georgia field director for the National Association for the Advancement of Colored People.

He has held fellowships at Harvard's Institute of Politics, the John F. Kennedy School of Government and the Metropolitan Applied Research Center.

He is married to the former Shirley M. Yarbrough. They have one daughter.

# Ideas Sought to Bail Out Large Firms

WASHINGTON (AP) — The Senate Banking Committee, considering a \$250-million loan guarantee for Lockheed Aircraft Corp., turned today to broader, multibillion-dollar proposals to bail out other business giant in trouble.

Arthur F. Burns, chairman of the Federal Reserve Board, was called to explain his idea for up to \$2 billion in loan guarantees to prevent bankruptcy of firms vital to the economy of the nation or a major region.

A similar proposal by Sen. Jacob K. Javits, R-N.Y., would provide up to \$5 billion in emergency loan backing.

The administration has recommended the \$250-million loan guarantee for Lockheed, the nation's biggest defense contractors, to ease it through a financial crisis brought on by the collapse of Britain's Rolls-Royce Ltd. which was building jet engines for Lockheed's Tri-Star air bus.

Banks, airlines, the company and its suppliers already have invested \$1.4 billion in the commercial equivalent of the Air Force C5 supercargo plane.

William H. Moore, chairman of Bankers Trust Co. which has invested in the plane, has urged the committee first to approve the Lockheed request, then the large fund recommended by Burns.

Kellie LaJuan Foster of Camden has been awarded an academic scholarship to Southern State College for the 1971-72 school year, according to Bernard H. Polk, director of financial aid. The \$300 scholarship is one of a number awarded by Southern State to outstanding high school graduates.

Miss Foster is the daughter of Mr. and Mrs. K. Foster of Camden and the granddaughter of Mr. and Mrs. Giles Foster of Hope. She plans to major in mathematics while at Southern State.

# Man Killed in Car-Bus Collision

WEST MEMPHIS, Ark. (AP) — Harold W. Shockey, 22, of West Memphis was killed and nine other persons were injured Tuesday in a car-bus collision on the Mississippi River bridge connecting Memphis and West Memphis.

State Police said Shockey's car skidded across the median and struck the superstructure on the bridge then spun around and collided with a farm labor bus occupied by 20 persons. Officers said it was raining and the pavement was slippery at the time of the crash.

The car burst into flames. Nine persons on the bus, all Memphis residents, were injured, but extent of the injuries was not known. The bus did not catch fire.

Traffic was blocked between Memphis and West Memphis for two hours.

# Med Center Patients Get Poor Care

LITTLE ROCK (AP) — The Arkansas Community Organization for Reform Now (ACORN) issued a report Tuesday that alleged patients at the University of Arkansas Medical Center had been given poor medical care.

The organization has been critical in recent days of the operation of the Medical Center. The report Tuesday said that 47 persons had been surveyed during the week of June 7-11. The report listed several pages of "sample abuses."

Most of the instances of alleged mistreatment or misdiagnosis concerned children or pregnant women.

ACORN said that most of those surveyed did not want their names used because the patients felt being identified would "lead to retaliation against themselves and their families in the form of worse treatment at the Medical Center."

# Miss Davis Is Denied Bail

SAN RAFAEL, Calif. (AP) — Bail has been denied to black militant Angela Davis, undergoing pretrial proceedings in a Marin County courthouse shoot-out last August, which left a judge and three other men dead.

Superior Court Judge Richard E. Arnason rejected her bail bid Tuesday, saying he would have allowed her release if California law permitted bail in capital cases.

Miss Davis, 27, a self-proclaimed Communist and former philosophy instructor at the University of California in Los Angeles, is accused of murder, kidnap and conspiracy along with San Quentin convict Richard Magge, 32.

Her supporters, who packed the courtroom hearing, gasped when the decision was announced. She sat silently but several of her supporters rose and shouted "Free Angela."

# Two of Nonuplets Still Alive

SYDNEY (AP) — Two of the Brodrick nonuplets were still alive tonight, 84 hours after their birth Sunday, but doctors said their condition remained critical.

A hospital bulletin earlier today on the 12-ounce boy and his one-pound sister said there was still "cause for considerable alarm mainly because of their extreme immaturity and small size."

Geraldine and Leonard Brodrick, the parents, saw their tiny offspring for the first time Tuesday night. They watched the infants in their incubators for 45 minutes and were allowed to touch them briefly.

They were reported thrilled at the sight of their babies, delivered 12 weeks prematurely by natural childbirth.

Mrs. Brodrick, 29, a former nurse, had taken the fertility drug Gonadotrophin. Hers is the largest multiple birth on record, but two boys were still-born and two other boys and three of the girls died Sunday night and Monday.

# Youth Drowns in River

FORDYCE, Ark. (AP) — Clifford L. Goodwin, 16, of Fordyce drowned Tuesday in the Saline River east of Fordyce.

Authorities said the youth was swimming with two other boys when the accident occurred.

Goodwin was the son of the Rev. and Mrs. James Goodwin of Fordyce.

# Arkansans Killed in Mo. Wreck

OZARK, Mo. (AP) — Four persons, including two from Arkansas, were killed Tuesday in a two-car collision on U.S. 65 near here.

The Missouri Highway Patrol identified the dead as Homer Woodall, 70, of Little Rock and his 70-year-old wife, Mabel. Charles Vidan, 50, of Granite City, Ill., and Lylana Petrovic, 5, of Paris, France, were also killed.

Police said the Woodall vehicle was attempting to pass another car and collided with a car driven by Vidan.

# Debris of Crashed Jet Is Found

HONOLULU (AP) — Search vessels have picked up debris believed to be from an A-1H Force C135 jet transport which apparently crashed last Sunday into the Pacific Ocean between American Samoa and Hawaii.

The Navy said the destroyers Edwards and the British merchant ship Amalric late Tuesday collected pieces of metal helmets, seat cushions and cabin lining that has been positively identified as coming from C135. Neither the ships nor search planes have found any survivors. The search resumed at dawn today.

Twenty-four persons, including 12 civilians, were aboard the plane which disappeared on a 2,227-mile flight from Pago Pago to Hickam Air Force Base near Honolulu. The eight crew members and the plane were assigned to Wright Patterson Air Force Base in Ohio.

Air Force officials in Washington say the plane was on a classified mission. The aircraft is of the type used to monitor French nuclear tests in the South Pacific.

# Priests Vote to Censure Cardinal

By F. RICHARD CICCONE  
Associated Press Writer  
CHICAGO (AP) — A group of Chicago priests has voted to censure John Cardinal Cody for what it believes is his failure to represent the needs of his priests.

The Association of Chicago Priests, representing 900 of 2,400 priests in the Chicago Archdiocese, voted 144 to 126 at a meeting late Tuesday to censure the cardinal and five auxiliary bishops from Chicago for their "silence" at the National Conference of Catholic Bishops in Detroit in April.

Spokesmen for the ACP said they believed this was the first time in the American history of the Roman Catholic Church that priests have taken such strong public opposition to Church hierarchy.

"At Detroit, it was clear that the majority of American bishops never felt responsible to the priests whose lives they were determining, or felt they would have to answer for their actions when they returned from that meeting," said the Rev. Lawrence Maddock, chairman of the ACP coordinating committee and a leading supporter of the censure resolution.

"We were keenly disappointed that press coverage showed no indication that our own archbishop and his auxiliaries were taking the floor to plead for openness to the rising aspirations of priests."

Many younger priests reportedly were angry that the bishops failed to report on a sociological survey showing that a majority of American priests favor optional celibacy.

Others criticized the bishops for their choices in the selection of four American bishops to represent U.S. priests at an international synod scheduled in Rome in the fall.

Three of the four are opposed to optional celibacy, priests said. Bishop William E. McManus, one of those censured by the ACP, told the ACP meeting that much of the material gathered from priests in the Chicago Archdiocese was presented at Detroit.

# Mystery Writer Breaks Leg

OXFORD, England (AP) — Writer Dame Agatha Christie has been hospitalized with a broken leg suffered in a fall at her home.

The Nuffield Orthopedic Center described the 80-year-old Dame Agatha's condition as fair after her admission Tuesday.

Named a Dame of the British Empire, she has turned out 80 books over a span of 50 years, with estimated sales of 350 million copies.

# Says Congress Should Stop Funding Plane

WASHINGTON (AP) — The Grumman Aircraft Corp.—trying to cut its losses on the Navy's F14 swing-wing jet fighter—says it would be "very appropriate" for Congress to stop funding the plane until cost-overrun problems are settled.

The surprise company statement was issued Tuesday after House Armed Services Chairman F. Edward Hebert announced he will move to cut the \$806-million F14 money from a \$21.9-billion weapons authorization bill today or Thursday.

Hebert told the House the money could be restored later this year if the Pentagon delivers a satisfactory solution to the F14's \$2-billion cost-overrun problem.

"We are not surprised by Hebert's action," Grumman said in a brief statement. "We consider it very appropriate."

The company said it is pleased by congressional and Pentagon studies of F14 cost problems and, "We have confidence in the wisdom of their reviews."

But Rep. Otis G. Pike, D-N.Y., said cutoff of the production money will help clear the way for renegotiation of Grumman's contract to help cut its predicted future losses.

"It'll be renegotiated for more money to produce fewer airplanes," Pike said.

Pentagon officials have indicated a cutback from the original 710 F14s is their likely answer to the cost overruns.

Defense officials told Hebert's committee that if Congress does not approve money for 48 more planes by October, Grumman could declare its present contract breached and thus open for renegotiation to cut its losses.

Grumman has not said it intends to declare the contract breached. And a spokesman declined comment when asked if such a move is what the company has in mind.

The Pentagon says the total F14 overrun—including missiles, engines, the electronic navigation system and other components not made by Grumman—is now \$2 billion above the original cost estimate of \$8.3 billion for 710 planes.

# Arsenal Gets New Commander

EDGEWOOD ARSENAL, Md. (AP)—Col. John Stener, commanding officer of the Pine Bluff Arsenal in Arkansas, is to take command of the Edgewood Arsenal in late July, the Army announced today.

Stener will replace Col. George Connell, who will be transferred to the Army Materiel Command in Washington D.C.

# Kiwanis Club Told About Recreation

Paul Henley, Director of Parks and Recreation for the City of Hope was the guest speaker at Tuesday's Kiwanis Club meeting.

Mr. Henley gave a report of the activities supervised by his

department, including improvements to the physical facilities at Fair Park and City Park, such as water fountains, rest rooms, and an underground sprinkler system under certain playing fields.

The Recreation Department supervises most sports, primarily for youngsters, in their season. Successful football and basketball seasons have been completed. At present the baseball season is in full swing.

There are 8 teams of about 20 players each in the Doctor's League, boys in the 8 to 12 year bracket, followed by the Little League with 6 teams of 15 each and the Babe Ruth League with 5 teams of 17 each. Then there's the Junior American Legion team which is actually an extension of the High School team and season. Two independent teams also use the facilities provided by the City.

In addition to the baseball teams there's the soft ball program. The Christian Athletic Association is composed of ten teams, and eight girls softball teams composed of about 15 players each have been using the facilities provided.

Two hundred twenty organized baseball games were played last season with approximately 800 youngsters, parents, sponsors, officials and spectators involved.

Swimming pools at City Park and Fair Park are both in operation. Swimming lessons will begin at Fair Park June 21st and 60 individuals have already registered for these lessons. City Park pool is open daily from 10 a.m. to 5 p.m. under the direction of Ken Muldrew. Special times for adults only are observed at each of the pools.

# A Handful Call Laird by Nickname

WASHINGTON (AP) — Only a handful of men in the Pentagon call Secretary of Defense Melvin R. Laird by his boyhood nickname, "Bom." One is Robert F. Froehke.

Through his 16 years as a Wisconsin congressman, and now as Pentagon boss, Laird has returned to Froehke for trusted advice and counsel. Now he has picked his old and close friend to be secretary of the Army.

President Nixon approved the choice Tuesday, nominating Froehke to succeed Stanley R. Resor, a Johnson administration holdover who announced his resignation last month after guiding the Army through six of its most troubled years.

"They know each other, trust each other and know what the other thinks," said a Pentagon official in describing the Froehke-Laird friendship dating to the fourth grade at Marshfield, Wis.

But it was more than friendship that caused Froehke's selection, Pentagon aides said.

"Laird doesn't want to start all over in mid-term," said one source. "He wanted someone who knows where we've been the past two years and where we are going; who knows Vietnamization and the other problems."

The sources said Froehke was reluctant to accept the post but finally agreed when

# HOPE (ARK.) STAR, Printed by Offset Your Own Memory Book Has Many Pages If You Can Look Back When

By HAL BOYLE  
NEW YORK (AP) — Memory is like a church spire.

It generally overlooks the neighborhood. It chronicles the comings and goings and scurrings of people and time. Things abide with it—important things, curious things, trivial things.

It is a register of life. Your own memory book has a lot of pages in it if you can look back and remember when—

As a child, talking to your mother in the kitchen, you used to tease her by eating the raw parings she peeled from the potatoes.

There was always something worth doing except on rainy days. Then the world stood dull and stiff and still.

Your big ambition was to have teeth like those of former President Teddy Roosevelt—teeth so big and strong and virile you bet no dentist would dare tamper with them. His mustache was fierce and virile, too—the bristles so bristly you wondered whether he brushed his clothes with them.

There was always a girl in your class you hardly had the courage to speak to—but you still wanted to save her from a runaway horse, or any other common form of peril.

In many a lonely, event-starved life a home call by the doctor was in itself better than the

# Offer Motion in Case of Embezzlement

BENTONVILLE, Ark. (AP) A motion to quash 799 interrogatories in connection with the embezzlement indictment of Sheriff Marion Thomas of West Memphis was taken under advisement Tuesday by Circuit Judge John Mosby to rule on the return of the personal records to aid in preparation of the sheriff's defense.

Enfield said he would further rule on motions to produce records after the defense attorneys furnish information on Mosby's ruling.

Trial for Thomas is tentatively set for the September term of circuit court.

Last year, Thomas was indicted on 10 counts of embezzlement.

criminal charges are tried. Enfield said at that time, defense attorneys will be granted 60 days to amend the motion to cover interrogatories involving criminal charges.

Attorneys for Thomas said at Tuesday's hearing that all records, both county and personal, had been confiscated by the prosecuting attorney and that a motion pending with Circuit Judge John Mosby to rule on the return of the personal records to aid in preparation of the sheriff's defense.

Enfield said he would further rule on motions to produce records after the defense attorneys furnish information on Mosby's ruling.

### By Oswald & James Jacoby

Today's hand can be bid to four, six or even seven hearts by almost any bidding system. You underbid if you stop at game. You overbid if you get to seven. Good bidding gets you to six.

The bidding in the box shows one way to get to the small slam. North has a big hand and responds two clubs. South's two diamonds is the correct rebid and North's jump to three hearts shows three-card support.

South signs off at four hearts but North bids four spades. South Blackwoods his way to six while showing a willingness to get to seven.

There are as many ways to play the slam as there are ways to bid it, but South bases his play on that king of spades opening. He wins in dummy, comes to his hand with the trump ace and leads his last spade.

West is in with the queen and will lead the nine spot back. South must avoid this trap by playing low and ruffing in his hand. Then he plays the ace of diamonds, ruffs a diamond, cashes dummy's trump queen but he doesn't overtake because trumps might break 4-1. He then comes to his hand with the queen of clubs, draws trumps and gets rid of his last two diamonds on a high club and the jack of spades.

### ♥♦♣ CARD Sense ♠

The bidding has been: West 1 ♠, North 2 ♣, East 2 ♦, South 1 NT, 2 ♠, 3 ♥, 4 ♠, 5 ♥, 6 ♠, 6 ♥

You, South, hold: ♠ K 7 3 2, ♥ 5 4, ♦ K 9 3, ♣ Q J 6 2

What do you do now?

A—We recommend a pass. Distribution is against you.

### TODAY'S QUESTION

Again East has doubled your partner's heart opening. This time you hold: ♠ K 7 3 2, ♥ A 2, ♦ K 9 3, ♣ Q J 6 2

## DR. LAWRENCE E. LAMB Drugs Can Replace Thyroid Secretions

By Lawrence Lamb, M.D.

Dear Dr. Lamb—My doctor told me I have no thyroid action any more. I have myxedema and coronary heart disease. I am 61. Is there any cure at all for this? I also have arthritis. I can hardly use my hands. What I want to know is will this kill me or is there a cure for this thyroid?

Dear Reader—If I were to choose a gland to do without it would be the thyroid. You can take whatever amount of thyroid medicine you need to replace the normal action of the thyroid gland.

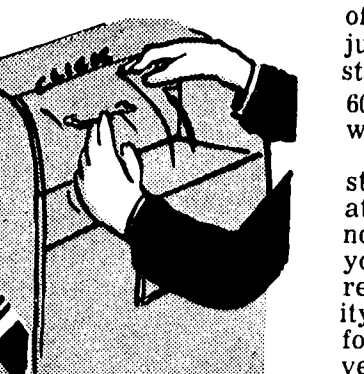

I presume you have been taking medicine for your thyroid for several years. Myxedema is merely a term for a marked loss of thyroid function. If you had no thyroid function at all and were not getting medicine to replace the action of the thyroid you wouldn't be able to write such an intelligent letter.

Your doctor may be having trouble regulating the amount of thyroid medicine he wants to give you because of your heart disease. One of the treatments for severe coronary artery disease once was to destroy the thyroid by radiation, decreasing the metabolism and decreasing the amount of work the heart had to do. As you take more thyroid the work of the heart will be increased and may cause trouble with your heart disease. Nevertheless, with careful gradual increase in thyroid medicine most problems can be controlled.

## Missing Letter

There is something reassuring about the click of the mailbox latch, as your important letter slides down and out of sight. Whether you are making an insurance payment or meeting a tax deadline or completing a business deal, you feel relief: "Well, that's taken care of."

But what if the other party, perhaps weeks or months afterward, insists that your letter never arrived? If it came to a showdown in court, how would you stand?

Fortunately, the law offers you a helping hand in the form of a "presumption." That is, the law will presume that the letter did arrive, provided you had the correct amount of postage and the correct address. As one court explained:

"It is a presumption founded on the probability that (postal employees) will do their duty." Furthermore, you may get the benefit of the presumption even if the letter was not placed directly into a mailbox. One court applied the presumption to a letter handed to a mailman (while on duty). Another court applied it to a letter dropped into the mail chute of an office building.

However, there are limits. The presumption was denied when a man simply left some mail in an open lobby, in the expectation that the mailman would eventually pick it up.

Furthermore, like most presumptions, this one is subject to being defeated if there is sufficient evidence against it.

In one case, an embattled debtor claimed to have mailed an important legal notice to the office of his creditors. But in a court hearing, both partners in the firm took the witness stand and solemnly swore that the notice had never been received.

Then their bookkeeper took the stand and swore the same thing.

This testimony was enough to convince the court that the letter had indeed failed to reach its destination. It was more likely, said the court, either that the debtor had neglected to put it in the mail or that the post office had—on once—neglected to do its duty.
